

FRAME SALE 2013

There are many other frames included in the frame sale (which offers up to 100% off existing frames) and some frames fit other pictures. We are delighted to be flexible – we can either fit a different picture into to a suitable frame or, if you would like to buy a specific print but it is not shown here, please contact the gallery and in the spirit of the frame sale we will try to offer you a special pre-Christmas price.
